## APPLICATION FOR PERMISSION TO CONNECT A PROPERTY TO THE VILLAGE OF ROCHESTER WATER SYSTEM OUTSIDE OF ROCHESTER CORPORATE LIMITS

The undersigned (hereinafter called Applicant) hereby requests of the Village of Rochester Water Department (hereinafter called the Village) to connect to, and receive water from, the Village of Rochester water system at the address listed below, subject to the rules and regulations as set forth in Chapter VIII of the revised ordinances of the Village of Rochester.

Applicant agrees to furnish information as is required by the Village Superintendent of Public Works before work is started, and to make such installation only after receiving authority to make such installation and connection from the Village Superintendent of Public Works.

Applicant agrees to notify the Village Superintendent of Public Works two (2) weeks before the time of such installation to allow for the Water Department to be present for all connections. Before the water meter will be installed, a cross-connection inspection will be made.

Applicant further agrees that all costs of making this connection request, including street repairs necessary to return street to original condition, will be paid by Applicant. If there are any additional costs incurred by the Village in the installation of a particular service, the Applicant agrees to make necessary reimbursement to the Village for these costs as set forth in Chapter VIII of the revised ordinances of the Village.

In areas where the meter pits have been installed and the Applicant chooses to locate a driveway or other semi permanent surface over the meter pit, the Applicant agrees that he will pay the additional cost to have the meter pit relocated. No meter pits will be allowed in driveways because of future maintenance concerns.
