ABSENT: Ms. Kathy Blasko

Meeting called to order by Chairman Maras at 7:32 p.m.

Mr. Pat Curry, Ms. Rachel Siegert and Zack Kennedy presented the attached draft (attachment number #1) of the various issues and opportunities findings in preparing the comprehensive plan. Their presentation led to various comments and considerations put forth by the members of the committee for Ms Siegert to consider, they are as follows:

There was a discussion about LEED certification, and the impact and effectiveness of building standards versus energy savings.

Is there a plan too or discussions of extending the bike trail to the new school?

Address infrastructure to provide for growth and development.

Impact fees need to be addressed

Should a special assessment be considered for funding?

Put some serious emphasis on short term benefits.

Can the village look into an independent electric utility?

Mr. Curry, Ms. Seigert and Mr. Kennedy feel as we progress forward that another public would be important to present the outcome.

Ms. Seigert will have her outline in draft form for final review at the next meeting scheduled for November 23, 2009. The members of the Board requested that she make her findings specific, more specific than the document submitted this evening (attachment #1).

Mr. Biermann made a motion to adjourn. Mr. Theis seconded the motion. Unanimous aye vote.

Meeting adjourned 9:15 p.m.

Respectfully submitted,

Stacia Munroe
